DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 15th 2007 has been entered.

Response to Amendment

2. Applicant's amendment filed February 15th 2007 has been entered and made of record.

3. Applicant has amended claims 1, 2, 9, 14, 16, 18, 19, 26, 27 and 29. Claim 7 has been cancelled. Claims 1-6 and 8-29 are pending.

4. Applicant's remarks in view of the newly presented amendments have been fully considered and are found to be persuasive and the claims are found to be allowable. Reasons for allowance are given below.

Allowable Subject Matter

5. Claims 1-6 and 8-29 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 2624

Applicant's explanation in the remarks provides the differences in the amended claims and the cited prior art. To summarize, the primary reference to Shiraiwa does not teach or fairly suggest the claimed feature of correcting luminance based on a function derived from estimated contrast and said predetermined gradation characteristics of said display means. The secondary reference to Hayashi does not teach or fairly suggest this claimed feature. The newly amended claims make clear the nature of the invention in relating the correction of the luminance values taking into account the particular function of the characteristic gradation function derived for the display means. No other found prior art of record teaches or fairly suggests this feature as now claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
